

Small Steps To SUCCESS Inc. After School Program is tailored to your child's needs. When you register, we provide an interview and assessment to evaluate his or her strengths and weaknesses in areas of reading, writing, and math. We will use the assessment to place your child in a group with children who have similar needs. We will have an individualized educational plan. The formative assessment will be provided every 3 months to evaluate the child's performance and we will re-adjust our teaching/group placement based on the new assessment. We keep track of our students' progress individually to make sure our program is effective for your child, and more importantly, your child is getting the benefits that we expected. Our goal is to be a long term partner with you in helping your child's development. We believe through our differentiated placement and ongoing assessment, your child will be improved both intellectually and socially.

## Schedule

## Monday - Thursday
